JOIN US for a conversation about local and global realities of human trafficking

[Learn](#) | [Connect](#) | [Commit](#)

We invite you to our upcoming Changemaker Series about making a difference in the world, together.

Be transformed by stories of those working to eliminate trafficking nationally and globally, through their art, passions, and work. We invite you to learn, connect, and commit to a life of inspired action, as a community.

We focus on local and global struggles through the lens of story, beauty, and hope. Here's the thing: when you take in someone else's story, it has a way of igniting and awakening something in you. You come to life, see yourself and the world with new eyes, and take a step closer to making that courageous leap of your own. Explore, claim your own gifts, expand your tribe, and consider what you may want to do anew.

3 WAYS TO JOIN

INSPIRATION

This has been crafted with you in mind, offering ideas for cultivating new learnings, meaning, and compassionate action into your everyday life that will fuel you for an inspired life of making a difference.

*The two most important days
in your life
are the day you were born
and
the day you find out why.

LEARN MORE

At [Seeds of Exchange](#), we are a mighty collective of everyday changemakers.

We invite and support you to build your tribe with us and offer your unique gifts the people and places capturing your attention, so that, together, we make a mighty difference in the world.

We are warriors of love and hope who are fiercely committed to the well-being of those near and far.

Meet our friends who are visiting from Nepal and other guest changemakers - entrepreneurs, artists, activists, and students working to create a more just world. Each one is an innovator in life, weaving their gifts into a tapestry, vibrant with threads of family, education, work, service, well-being, and more. We will witness what has ignited their journeys and led to a commitment to serve in the midst of the pressing needs and opportunities that are part of being human.
