

Press Release

For immediate release

Napa, California – **Saturday, July 27, 2024, from 2-5 pm**, Amuse Bouche Winery will host author Sarah Davison-Tracy for a unique book signing and wine tasting.

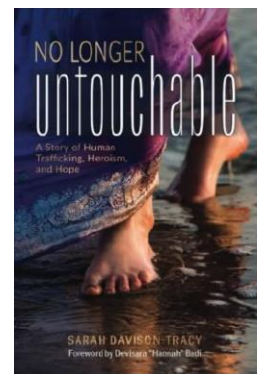

Going beyond the typical auction route, one wine industry veteran/philanthropist has been partnering with esteemed authors for more than 8 years, **donating more than \$250,000** to charities supporting women and children in developing countries.

John Schwartz and Coup de Foudre Winery's [Les Bouquinistes](#) project is committed to generating awareness around social justice issues – “Buy this wine and expect change.” It is also proving to be a catalyst in connecting the wine industry to younger consumers.

This year's focus:

- Nepal, by way of author Sarah Davison-Tracy and her book, **No Longer Untouchable**.
- The true story recounts the horror of human trafficking — 15,000 women and 5,000 young Nepalese girls are sold into the sex trade each year.
- A significant portion of proceeds supports the vital anti-trafficking mission of Davison-Tracy's community organization [Seeds of Exchange](#), and every purchase of Les Bouquinistes wines includes a signed copy of her book.

Come meet Sarah, taste Les Bouquinistes 2022 Napa Valley Red Blend, and enjoy small bites from Torc restaurant.

RSVP required at Eileen@AmuseBoucheWine.com
